## Summary

Dedicated and skilled Fullstack Developer with 2 years of experience in designing and implementing web applications. currently located in Dubai, Proficient in both frontend and backend technologies, I am passionate about creating efficient, user-friendly, and scalable software solutions. Seeking a challenging position to leverage my skills and contribute to the success of a dynamic development team.

## Experience

### Web Developer

#### AURA - SYSTEMS

Mar 2023 - Oct 2023 (8 months)

Collaborated with cross-functional teams to design and develop web applications, ensuring responsive and intuitive user interfaces.

Utilized HTML, CSS, and JavaScript to create visually appealing and user-friendly frontend components and templates.

Developed dynamic and interactive web pages using popular frontend frameworks like React and Angular.

Implemented RESTful APIs and integrated them with the frontend using technologies such as Node.js, Express.js, and Django.

Managed databases, including SQL and NoSQL databases (e.g., MySQL, MongoDB), and optimized queries for efficient data retrieval.

Worked on continuous integration and continuous deployment (CI/CD) pipelines to automate software deployment and ensure reliability.

Conducted code reviews, identified bugs, and provided solutions to enhance application performance.

Collaborated with quality assurance teams to perform testing and ensure the delivery of high-quality software.

Actively participated in sprint planning, backlog grooming, and daily stand-up meetings to ensure project progress and alignment with business goals.

### Web Developer

#### Think EG

Feb 2022 - Jan 2023 (1 year)

Assisted senior developers in designing and building web applications using a variety of technologies.  
Created and maintained web pages, templates, and components using HTML, CSS, and JavaScript.  
Gained experience in frontend and backend development by working on various projects.  
Collaborated with the team to identify and troubleshoot software issues and provide timely solutions.  
Contributed to the development of RESTful APIs, database management, and third-party API integrations.
